Notice of Fee Increase

Palmetto, GA – February 8, 2012 – Relyco Security, a subsidiary of Coweta-Fayette EMC, has been in the business of serving the community’s security needs since 1994. In 18 years, the monthly monitoring fee has not shown an increase. While all aspects of today’s cost of living continue to rise, the company has thus far avoided price adjustments. But to maintain the quality, reliability and stability of service, Relyco says it is now time for a moderate pricing structure adjustment.

Beginning in February, all Relyco monitored security accounts will see an increase of \$0.70 (seventy cents) per month. Even with this modest 4 percent increase, Relyco will still rank among the lowest cost providers of security monitoring.

According to Relyco Security, they make your home safe. They use state-of-the-art security systems installed and serviced by local, licensed technicians with more than 60 years’ experience.

“By choosing Relyco, customers can rest assured their emergencies are handled by experienced professionals in our UL-certified monitoring station,” says Jimmy Adams, company president. “With solutions to fit all budgets and needs, you know you can rely on Relyco.”
